

FUEL & LUBRICANTS PROGRAM

Take your fleet farther.

RMA Fuel leverages its large membership of municipal, public sector, and not-for-profit organizations across the country to secure preferential service and pricing on fuel and lubricants for its members, completely trade compliant and transparent.

HOW IT WORKS

1. RMA Fuel goes to tender on behalf of its entire membership.
2. RMA Fuel performs a free fuel analysis for interested members based on three months of current invoices.
3. Member confirms intent to join based on the analysis.
4. Member can now purchase via the RMA Fuel account to access benefits and savings.

PROGRAM BENEFITS

- ◆ Essential service status and priority access to fuel and lubricants from preferred suppliers
- ◆ Preferential rates on industrial lubricants, retail, gas stations, cardlock, and bulk fuel purchases
- ◆ Reduced administration – consolidated invoicing through RMA Fuel
- ◆ CFTA and CETA compliant

AVAILABLE SUPPLIERS

RMA Fuel is not a fuel reseller; we create and sustain mutually beneficial relationships between fuel suppliers and members. We go to RFP every three years on behalf of our entire membership to negotiate preferential service and pricing, completely CFTA-compliant!

Visit RMAfuel.com for a full list of suppliers available across Canada.
