10:30 AM – 12:00 PM	Roundtable Discussion This time is dedicated to a roundtable discussion among colleagues, exploring the main challenges being experienced in your municipalities. We will begin with an update from MNL on items from last meeting. Consider these questions in advance of this discussion: <ul style="list-style-type: none"> • What is your municipality's top challenge right now? • What are the key operational issues in your municipality today? • What are the key governance issues facing your council? • Are you ready for the upcoming 2025 municipal elections? • How can MNL support urban municipalities in 2024?
12:00 PM – 1:00 PM	Lunch (Provided by the Town of Conception Bay South)
1:00 PM – 1:55 PM	Building Capacity; Building Homes This session will provide an update on progress in MNL's new housing project, including how MNL's new Housing Capacity-Building Officers (HCBOs) are supporting municipalities to act in the housing crisis, and how to get engaged (presented by Brad Power, Director of Programs in cooperation with Ben Noseworthy and Brian Coleman, MNL's HCBOs).
2:00 PM – 2:45 PM	Scalable Community Housing Solutions Mark Kennedy (Founder and CEO, Everbloom Homes CIC) and Mylène Vincent (Founder and CEO, Pivot Housing Solutions) will discuss their plans to facilitate a cross-sector, collaborative housing ecosystem across Atlantic Canada to build capacity in the community housing sector. Strategic partnerships, community development, and innovative financing solutions are the levers needed to protect and create more affordable housing sustainably at scale while empowering communities to thrive.
2:45 PM – 3:00 PM	Nutrition Break (Provided by the Town of Conception Bay South)
3:00 PM – 3:55 PM	Choosing the Right Delivery Model: Strategies for Municipal Project Success Choosing the right delivery method is increasingly important for risk-averse municipalities, with collaboration being essential for ensuring project success. Progressive design-build, which emphasizes early contractor involvement and active owner participation, improves risk management, streamlines project delivery, and is gaining popularity across the region. Attendees will receive an overview of various project delivery models, with a focus on new collaborative approaches, and will gain practical strategies through lessons learned and case studies from across Canada to enhance procurement outcomes and drive successful projects through effective collaboration. The session will be presented by Alain Grégoire (VP Infrastructure) and Jerome-Alexandre Soumastre (Principal).
4:00 PM – 4:30 PM	UMC Advocacy: Next Steps Deatra Walsh, Director of Advocacy and Communications, will provide updates on advocacy items of importance to urban municipalities including wastewater, WSER next steps, and more.
